CENTEGIX®

FLORIDA OPTIONS FOR COMPLIANCE WITH HB 301 MAPPING GRANT

CENTEGIX Safety Blueprint Mapping

Update, Layer and Share Digital Campus Maps Across Department

Use dynamic mapping capabilities to improve safety planning, incident response, situational awareness, and communication. Maps are easy to edit and update. IT, Facilities and Safety/Security teams can define and customize map layers while collaborating across departments and with first responders.

Safety Asset Management Taken to the Next Level

Visualize all of the data relevant to your safety assets from one source. Run inventory counts, review inspection dates, and plan efficient routes—based on the precise physical location of assets—to address any maintenance required.

Precision GPS/GIS Location of Critical Safety Assets, Visually Mapped and Response-Ready

An emergency response often relies on critical safety assets. Knowing precisely where assets are located, that they've been properly maintained and are fully functional, is vital to managing through the crisis. Safety Blueprint eliminates your reliance on disparate spreadsheets and questionable version control.

CAD IN THE CLOUD
- Make architectural changes to structures with a scaled drawing
- Add assets of all types to the maps at any time
- Share and adjust maps prior to publishing
- Version control enables maps to be rolled back

MULTIPLE LAYERS BUILT ON MAP FOUNDATION
- Safety, Security, IT and Facilities each have a custom map layer with their assets
- Add, move, change assets as needed
- Changes to the core architectural map roll forward and are reflected on each layer

ACTIVE DIRECTORY/SINGLE SIGN-ON INTEGRATIONS
- Map utilized by multiple applications including Visitor Management, Safety Planning, Incident Response, and Reunification aligning all stakeholders with the most current information
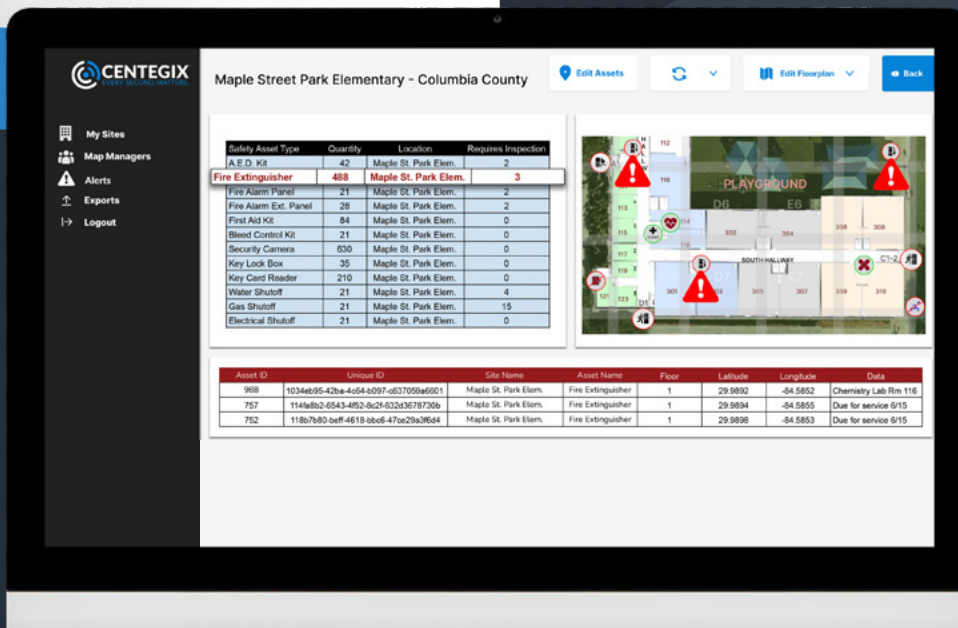

SINGLE MAP SOURCE FOR ALL APPLICATIONS
- Assign access to maps and editable layers based on user logins
- Use assigned roles to authorize/deauthorize access to maps by external groups like local governments and software companies

PRECISE ASSET & ALERT LOCATION FOR RESPONDERS
- Safety and security map layer provided at no additional cost with CENTEGIX CrisisAlert™ and Safety Platform
- CrisisAlert locating assets included on the safety layer

SAFETY AND SECURITY MAPPING LAYER: 3-YEAR SUBSCRIPTION, $3000*

Take advantage of this offer† by 12/31/2023.
