What Schools Are Saying About CENTEGIX

"The idea that anybody can call a lockdown is huge. And not only that, 911 is notified immediately, and they know who activated the lockdown and where they were located...That's good knowledge, especially for law enforcement."

Jeremy Gulley
Superintendent, Jay School Corporation, IN

"Safety and security is everyone's responsibility, so if we're going to make that everyone's responsibility, then everyone needs to be empowered to have a voice. These are public schools and parents entrust their children to us every day."

Michelle Mccord
Superintendent, Frenship Independent School District, TX

"Our previous mobile app didn't work because there were simply too many places on campus where the service was unavailable. We switched to CENTEGIX because there was nothing else that compared in terms of complete campus coverage and ease of use."

Frank Frangella
Chief of Safety and Security, Martin County School District, FL
