CENTEGIX®
VISITOR MANAGEMENT

Powerschool and CENTEGIX Visitor Management

Save hours of data entry and manage daily custody or reunification by integrating your PowerSchool account with CENTEGIX Visitor Management.

PowerSchool
OFFICIAL PARTNER

Accomplish More Without Doing More

PowerSchool and CENTEGIX Visitor Management integrate to keep student attendance and visitor records up to date.

By integrating PowerSchool with CENTEGIX Visitor Management, you unlock new time and money savings. Students attendance records automatically sync from CENTEGIX Visitor Management to your PowerSchool account when students are signed in tardy or dismissed early, saving you hours of manual data entry at every site. Use CENTEGIX Visitor Management to print a hall pass for students to take when they're done.

Why Consider CENTEGIX Visitor Management?

CENTEGIX Visitor Management is a long-time partner of PowerSchool and holds the Seamless Data Exchange badge, verifying its ability to send data between both systems in real time. Other benefits of using the PowerSchool and CENTEGIX integration include:

- Syncing attendance with daily, meeting, and time attendance codes
- Real-time data exchange
- Leverage the system for digitizing reunification processes
- Always have correct rosters and current custody lists
- Update attendance when students visit other areas around campus in addition to tardies and early releases (ex. guidance counselors, study hall, and the nurse's office)

Save Time and Money

Eliminate Manual Data Entry

Did you know that a single school can save up to two hours of data entry per day when you integrate PowerSchool with CENTEGIX Visitor Management? That can add up to $7,200 in savings per school each year. Save time and money and prioritize your staff by allowing them to focus on more important things.
